

**If we run out of gas during the journey... we can't reach our destination.**

*Sometimes we all need to stop and refuel. This idea is particularly true for ministers who are focused on meeting the needs of so many people around them: their families, churches, communities and beyond.*

**Reclaim Leadership** is an organization that helps ministers, ministry teams and churches engage in that vital refueling process so they can move forward at full capacity to serve God and to serve others.

The programs offered by Reclaim Leadership are confidential, affordable and best of all, uniquely infused with hope and biblical perspectives.

Anchored by grace and lifted by the Spirit, all of the Reclaim Leadership services are designed to strengthen churches and the special people who lead them in a way that truly honors God.

**To renew your purpose and passion for ministry, let Reclaim Leadership be your partner in the ongoing journey.**

Additional services available to educate and inspire your ministry teams and churches include:

- Group Coaching
- Staff Retreats
- Workshops & Seminars
- Conferences

**Reclaim Leadership** is funded by tax-deductible donations and grants to minimize the costs for ministry leaders and churches in need. To make a donation or receive more information, we invite you to call (214) 532-9907 or visit our website to learn more: [www.ReclaimLeadership.org](http://www.ReclaimLeadership.org).

We're here  
for you

Helping to Renew Your Purpose  
and Passion for Ministry

**Reclaim Leadership**

Guidance, Hope, Encouragement  
for Ministers and Churches

## **Minister Recalibration**

**Ideal if you are a pastor or ministry team member who is...**

Searching for ways to grow and become more effective in your spiritual leadership

Struggling with discouragement, exhaustion, conflict or stress and wanting to reignite the fire of your faith

Facing a significant crisis – the impact of a tragedy, a divorce or poor decisions -- and seeking guidance to heal and recover

Whether your focus is strengthening your walk with God or rebounding from emotional and spiritual defeat, *Reclaim Leadership's* Minister Recalibration program can provide a beacon of light to help guide you forward. The program includes a personalized one-day retreat, an 8-week online tool for confidentially tracking your progress with individual coaching from an experienced, compassionate ministry leader. By participating in the Minister Recalibration program, you can jump-start your spiritual renewal and access valuable resources for continuing your positive momentum.

## **Team Recalibration**

**Ideal for elder, deacon and ministry leadership teams.**

The Team Recalibration begins with an assessment of your church's leadership group and ultimately helps your ministry team to clarify its vision and work together with healthy group dynamics. Offering empathetic support to handle conflicts among congregations, governing boards, church staff or pastors, *Reclaim Leadership* works collaboratively with individuals trained through the Institute for Christian Conciliation (a division of Peacemaker Ministries, Inc.) and provides on-site assistance with objective input and thoughtful insight.

## **Church Recalibration**

**Ideal for congregations grieving the failure of pastoral leadership.**

For churches experiencing the pain of a leadership crisis, the Church Recalibration program helps to facilitate healing for your congregation and intentionally redirect the focus back to doing the Lord's work. *Reclaim Leadership* establishes a Core Care Plan with full implementation guidelines, a comforting approach and gentle sensitivity during a difficult time. Through our affiliation with Partnering Churches, we can also potentially relocate terminated leaders and their families to ensure a respectful transition and provide them with fresh opportunities for meaningful worship.

## **Partnering Churches**

Your church has an opportunity to join *Reclaim Leadership* in its mission of serving others. Our Partnering Churches are congregations of different sizes and denominational backgrounds that help support our programs by:

Confidentially praying for our teams as we work with ministry leaders and their churches

Offering a safe haven for discouraged ministry leaders to attend your grace-filled worship on Sundays with no role except to soak in God's healing Word

Providing occasional access to your facilities when recalibration meetings require a neutral site

For more details about partnering with *Reclaim Leadership*, please visit our website:
